Work Experience

United Parcel Service (Global Business Solution, Pune 1) 01/2026 – 07/2026
Senior Marketing • • India

- **Global Operations:** Managed workflows and revenue assurance for 20 global enterprise accounts, including Amazon, Apple, Louis Vuitton, and Nike, across EMEA, AMER, and APAC.
- **Team & Stakeholder Management:** Coordinated cross-functional teams across India, APAC, and Europe, ensuring smooth operations and timely project delivery.
- **Client & Escalation Management:** Managed global client communication and resolved escalations across 15+ key accounts within strict two-hour SLAs.
- **Workflow Automation:** Developed Excel VBA and AI-assisted automation workflows, reducing processing time by one hour per contract while maintaining 99% data accuracy.
- **MIS Reporting & Analytics:** Created weekly, monthly, and annual MIS reports and KPI dashboards to track performance, account health, and retention.
- **Revenue Assurance & Compliance:** Validated billing data across a $50M+ portfolio and audited SLAs and commercial terms to minimize revenue leakage and ensure compliance.
- **Technology:** Microsoft Office Suite, Advanced Excel, Excel VBA, AI Workflow Automation, Data Analytics, and KPI Reporting.

Client Manager, *NoBroker Interiors* 10/2025 – 01/2026
Pune

- **Client Acquisition & Sales:** Managed the end-to-end sales cycle for residential interior projects, from initial client calls and requirement analysis to negotiations, deal closure, and final handover.
- **Revenue & Target Management:** Worked toward a monthly revenue target of ₹70 lakh by converting qualified leads, negotiating commercial terms, and closing interior design projects.
- **Client Relationship Management:** Served as the primary point of contact throughout the customer journey, managing expectations, providing project updates, and ensuring a smooth client experience.
- **Cross-Functional Coordination:** Collaborated with design teams, vendors, and project managers to align client requirements, pricing, project timelines, and execution.
- **Negotiation & Deal Closure:** Consulted with clients on design solutions, pricing, and material selections to address requirements, manage budgets, and drive conversions.
- **Escalation & Issue Resolution:** Resolved client escalations, vendor-related issues, and project delays through cross-team coordination to support customer satisfaction and timely delivery.
- **Project Handover:** Coordinated final deliverables and client handover, ensuring alignment between agreed requirements and project execution.

Business Development Intern, *Botmatic Solution Pvt. Ltd.* 05/2024 – 07/2024
Pune

- **Lead Generation & Prospect Research:** Identified and qualified B2B prospects, particularly CFOs and finance decision-makers, using MCA, LinkedIn, Apollo, and other research platforms to build a targeted sales pipeline.
- **B2B Sales & Product Demonstrations:** Supported business development by presenting SaaS product demos, communicating product value propositions, and aligning solutions with prospective clients' business needs.
- **Sales Enablement & Presentations:** Created business presentations, sales collateral, and whitepapers to communicate product capabilities, support prospect engagement, and strengthen sales outreach.
- **Digital Marketing & Social Media:** Supported brand awareness and lead generation through content creation and promotional activities across LinkedIn, Instagram, and X (Twitter).
- **Market Research & Competitive Analysis:** Researched target industries, prospect profiles, and competitors to identify business opportunities and support targeted outreach strategies.
- **CRM & Pipeline Support:** Assisted in prospect tracking, follow-ups, and lead management to improve sales pipeline visibility and support business development activities.
